Vacation Policy:

All vacations must be taken in 7 day blocks with the exception of 1 week which may be broken up.

Elective Rotations:

Possible electives include any rotation that we offer here at Trinity Health Ann Arbor Hospital. We also allow residents to go outside the institution for experiences that cannot be obtained here if both the PD and DME agree it is a good educational experience.

Instructions:

- Academic Year should be July-June and reflect the current academic year, e.g., June 20XX - July 20XX

- Fill out the Current Academic Year, Program Name, and ID Number at the top of the form. At the bottom of the form, under Clinical Sites, indicate the participating clinical sites, the site's distance from the primary site, and the site director.

- Use as many of the columns as needed to convey the number of rotations per year, deleting any unused columns (e.g., six columns if there are six two-month rotations, etc. Institutions with 13 4-week blocks should use all columns, while Institutions with 12-month long blocks should delete the 13th column and indicate the approximate number of weeks for each rotation).

- Indicate the length of each rotation in weeks in the "Rotation Duration" column.
