

Guide to Care

West Michigan

Our family *caring* for yours.

West MI Medical Group

Trinity Health Medical Group is a multi-specialty physician network that employs more than 800 physicians and advanced practice professionals in Grand Rapids, Muskegon, Grand Haven and the Lakeshore.

Our care model centers around the patient relationship within a Catholic faith-based setting, in which we become lifelong health partners with you and your family. We also encourage active patient involvement and provide a higher degree of accessibility than the average doctor.

We're here to listen and ensure you get access to the care you need.

PATIENT RESOURCES

MyChart

Stay Connected to Your Health

MyChart gives you online access to your medical record. View test results, message your doctor, schedule your next appointment and review medical information from anywhere.

Available through any web browser at **MyChartTrinityHealthMi.org** or download the Trinity Health MyChart mobile app on your smart phone.

BumptonBaby

BumptonBaby™ is a parent education program designed to give you convenient access to the education, tools and support you need at every stage of pregnancy—and beyond. It features evidence-based information to prepare you for pregnancy, labor and birth, postpartum, breastfeeding and newborn care.

To learn more or register, visit **TrinityHealthMichigan.org/YoMingo**

Wednesday Wellness

Education Series

Wednesday Wellness is a live, virtual and free health education series. Once a month, our providers look forward to sharing information on current and trending health topics that are relevant to you and your family.

TrinityHealthMichigan.org/WednesdayWellness

Your Health at Every Age

No matter what your age, Trinity Health is dedicated to helping everyone maintain good health and live life to their fullest. That's why we created these decade flyers—a helpful list of suggested screening tests and procedures specific to your age group.

Collaborative Care Behavioral Health Program

Our program offers integrated support for anxiety and depression through a team that includes your primary care provider (PCP), a behavioral health specialist, and a psychiatrist, who work together to monitor progress, adjust treatment, and help you build effective coping skills.

Serving You as You Served Us

Military and Veterans Health Program

The honorable men and women of the United States Armed Forces and their families have answered our country's call to serve with dedication, courage and sacrifice. Now, allow us to be here for you.

We are proud to provide services to current, former and retired military, and their families. For more information, visit TrinityHealthMichigan.org/MilitaryandVets.

Health Risk Assessment

Curious about your health? Try a quick Health Risk Assessment (HRA) to get a snapshot of your potential health risks at TrinityHealthMichigan.org/Health-Risk-Assessments.

Rehabilitation

Our 10 locations throughout West Michigan offer a broad range of services to help you get back to the highest level of independence possible. Our team of experienced and expert therapists specializes in physical, occupational, speech, and athletic outpatient rehabilitation. Learn more at TrinityHealthMichigan.org/Rehabilitation.

Trinity Health Medical Group Academic Practices

Our team of faculty and resident physicians provide the most up-to-date, evidence-based medical care in a caring, compassionate environment. Working closely with each of our patients, we develop personalized care plans with a special emphasis on preventive care so that, in addition to helping you with health concerns, we can work with you to avoid ones that may come up in the future.

Trinity Health BIRTH CENTER

The Birth Centers in Grand Rapids and Muskegon offer private, home-like birthing suites with advanced technology for a safe and comfortable experience. Moms can choose from various pain relief options, including hydrotherapy and massage, and receive expert breastfeeding support.

For a virtual tour, or to view our most recent awards and certifications, visit TrinityHealthMichigan.org/guide-to-care. Find our obstetrics and gynecology providers and locations on page 6.

Centering Pregnancy

Join other moms who have the same questions you do. CenteringPregnancy® is prenatal care that includes your regular health check-up with additional time for learning and sharing. Benefits include more time with your provider, finding support and friendship through shared experience, and building self care habits and self-confidence.

The program is available at these Trinity Health Medical Group locations: **Academic Obstetrics & Gynecology, Obstetrics & Gynecology – Cherry;** and **Primary Care – Clínica Santa María.**

Trinity Health NICU Level III and Specialty Nursery (Neonatology)

Trinity Health Grand Rapids' Neonatal Intensive Care (NICU) is a Level III facility, staffed with neonatologists. This specialized care includes the services of specially trained neonatal advanced practitioners, 24 hours a day.

Trinity Health Muskegon is proud to provide a special care nursery (SCN), also known as a Level II nursery, which provides specialized care for newborns who need more support than a typical newborn nursery but don't require the intensive care of a NICU.

NICU Transport

Our team is ready if your delivery hospital doesn't have a NICU and your baby needs one. Our dedicated NICU transport service quickly and safely takes your baby to the closest NICU. Our NICU transport includes breathing support, a fluid-filled warming mattress, and one-to-one monitoring with a highly trained NICU transport team.

+ Save Your Spot

TrinityHealthMichigan.org/WMIUrgentCare

What is Urgent Care?

Offering extended hours seven days a week
including holidays, Trinity Health Urgent Care is
just what the patient ordered.

We treat non-life-threatening medical conditions, such as:

- Back pain
- Cuts requiring stitches
- Conjunctivitis (pink eye)
- Fever or flu symptoms
- Fractures (broken bones)
- Headaches
- Mild to moderate allergic reactions
- Mild to moderate asthma
- Minor head injuries
- Seasonal allergies
- Sprains and strains
- Urinary tract infections (UTIs)

Save Your Spot

Skip the wait and save your spot at our Urgent
Care locations. Your saved spot is not a guaranteed
appointment, but an option that allows you—or a
sick family member—to seek care at a time that is
convenient.

Emergency Care

Hauenstein Neuroscience Center

From epilepsy and stroke to spine care, Parkinson's disease, and sleep disorders, Trinity Health Hauenstein Neuroscience Center treats a wide range of brain and nervous system conditions. Using advanced technology and compassionate care, the center focuses on healing the mind, body, and spirit.

Movement Disorders

Specialized care for Parkinson's, essential tremor, tics, dystonia, chorea, and Huntington's disease.

Neurology

Neurology services include diagnosis and treatment for headaches, carpal tunnel, visual changes, and more. Offerings range from stroke follow-up and EEG/EMG testing to migraine protocols, Botox® for movement disorders, neuro-infusions, and multiple sclerosis (MS) support.

Neuromuscular

Expert care for Amyotrophic Lateral Sclerosis (ALS), Muscular Dystrophy (MD), and neuropathy. Home to West Michigan's first nationally certified

ALS program and the only accredited adult MDA clinic for nerve, muscle, and neuromuscular junction diseases.

Neuro Rehabilitation and Neuro Spine Rehabilitation

Treats conditions like Parkinson's, MS, vestibular issues, neuropathies, ALS, MD, stroke, and brain tumors. Therapists are trained in advanced speech, physical, and occupational therapy techniques.

Sleep Center

Four accredited locations offer comprehensive evaluation and treatment for adult and pediatric sleep disorders, including sleep apnea, insomnia, parasomnia, narcolepsy, and restless leg syndrome.

Stroke Care

We offer 24/7 stroke care with a fast-acting team of specialists. Trinity Health Muskegon is a certified Primary Stroke Center, and Trinity Health Grand Rapids is a Comprehensive Stroke Center—ensuring expert care from emergency treatment through recovery.

Palliative Care

Palliative care is an approach to health care that focuses on symptom management and the relief of suffering. It is designed to help provide the highest quality of life possible for people with serious illnesses, or conditions that are life-limiting. Palliative care can be provided as an alternative to curative treatment, or in addition to treatment.

Palliative Care – Grand Rapids Hospital

200 Jefferson Ave SE
Grand Rapids, MI 49503

Palliative Care – Muskegon Hospital

1500 E Sherman Blvd
Muskegon, MI 49444

Hyperbaric Oxygen

Hyperbaric oxygen therapy involves breathing 100% pure oxygen inside a pressurized chamber. This “hyperbaric” (or high-pressure) dose of oxygen helps the blood carry more oxygen to the organs and tissues, promoting wound healing.

This therapy is offered in Muskegon and Grand Rapids.

Pharmacy

Need your prescription now? Join Trinity Health and experience personalized care, comprehensive services, coverage and flexibility.

With 14 convenient locations in West Michigan, learn more about delivery qualification, drive-thru and curbside pick-up locations.

Lab

Trinity Health offers a network of 20 state-of-the-art, full-service lab locations in West Michigan, accredited by the College of American Pathologists. Our lab services include a complete offering of on-site lab testing as well as stat testing. Schedule your appointment at TrinityHealthMichigan.org/Lab.

Imaging

Our imaging and radiology services offer advanced diagnostic technology in a comfortable setting, with expert staff committed to fast, accurate results. From X-rays to MRI and CT scans, we support your care with precision and efficiency. Learn more about our services and convenient locations at TrinityHealthMichigan.org/Radiology.

General Surgery

General surgery includes a wide range of procedures treating various conditions affecting the abdomen, digestive tract, endocrine system, and more. Surgeons are skilled in both traditional and advanced techniques, including minimally invasive and robotic-assisted surgeries, providing improved outcomes and faster recovery times.

Anesthesiology

Anesthesiology services play a vital role in modern health care by ensuring patient safety and comfort during surgical and diagnostic procedures. Our employed anesthesiologists and certified registered nurse anesthetists (CRNAs) work together to administer anesthesia, monitor vital functions, and manage pain before, during, and after operations.

Surgical Optimization Services (SOS)

Located in our Grand Rapids and Muskegon hospitals, our SOS team builds a customized plan specifically for you to improve your surgical experience.

Robotics

Robotic surgery is changing how we approach complex procedures. Using advanced systems like the da Vinci, our skilled surgeons operate with greater precision and smaller incisions—leading to less pain, fewer scars, and faster recovery. With multiple robotic systems in place, we're proud to offer patients safer, more effective surgical care.
