Host an Internal Company Fundraiser

Imagine your team uniting to bring real change to our community’s health! An internal fundraiser driven by your company not only supports a program at Trinity Health Grand Rapids but also builds a culture of generosity and connection among your employees.

Here are some ideas:

- **Friendly Competitions** Create excitement with a friendly competition where teams or departments compete to raise funds for a specific Trinity Health program. It's a fun way to spark engagement and boost the impact of every dollar raised.
- **Company-Wide Item Drive** Host an item drive that lets employees give directly to a cause they care about. From back-to-school supplies to comfort items for patients, these collections provide essential support for programs in need.
- **Employee Giving & Match Program** Encourage employee giving with a company match. Doubling donations means doing more to impact patients and families right here in our community!
- **Host a Beneficiary Event** Host an event dedicated to a Trinity Health Grand Rapids program, creating a memorable experience for employees while raising meaningful funds.

Need help getting started? We have many more ideas and are ready to work with you to create a fundraising plan that aligns with your company’s values. Let’s connect to discuss your vision—and how we’ll celebrate your team’s impact together.

See How Our Corporate Partners Made a Difference with Our Back-to-School Drive!

Through the remarkable generosity of Trinity Health Grand Rapids colleagues and our community partners, children across our community began the school year feeling prepared and confident!

Throughout July and August 2024, corporate and community partners came together to collect hundreds of backpacks and essential school supplies. These items, that brought smiles and relief to families, were distributed to young patients at the Trinity Health Medical Group community-based offices of Browning Claytor, Clinica Santa Maria and Sparta.

A heartfelt thank you to our incredible community of supporters for making this possible. Together, we are creating brighter beginnings and a healthier future for local families!
