

Good Health for Men

No matter what your age, it's always good to know what makes you feel happy, healthy and strong! The most important things you can do to stay healthy: **don't smoke, be physically active, maintain a healthy diet and weight**, and follow what your health care provider recommends.

CHART KEY

- Discuss with your health care provider
- Monthly self-exam and every 3 years by your provider
- ▲ Monthly self-exam and every year by your provider
- One time only
- ▲ Two doses
- ◆ Every 6 months
- Every year
- ▼ Every 1–2 years
- ❖ Every 2 years
- ★ Every 2–4 years
- * Every 10 years
- ♥ Get your eyes checked if you have problems or visual changes
- ✚ Get screened if you are overweight or risk factors are present
- Get this once if you've ever smoked
- ☆ Talk to your health care provider about which screening test is best for you

Note: These are general guidelines appropriate for men at average risk of most disease
