

# Vine AND Vinyl

**STORIES THAT MOVE US**

**Step into a bold new release of Vine & Vinyl, where every note, every flavor, and every moment tells a story.**

In 2026, we're reimagining this beloved event to spotlight the heart of our mission: the powerful journeys of healing, hope, and human connection that unfold every day at Trinity Health. This year's experience invites guests to immerse themselves in the stories of our patients and the caregivers who walk beside them—stories of resilience, courage, and community.

Set against a backdrop of handpicked vinyl sets spun by one of our favorite local DJs, the evening blends nostalgic soundscapes with modern energy. Guests will enjoy a curated selection of local wines, craft beverages, and elevated bites, all designed to spark conversation and connection.

Every element of the evening is crafted to honor the shared experiences that define our care—moments of vulnerability, strength, and transformation.

Whether you're a longtime supporter or joining us for the first time, Vine and Vinyl 2026 invites you to listen deeply, celebrate boldly, and be part of the next chapter in a story that belongs to all of us.

**Join us as we rewrite tradition and raise a glass to the stories that bring us together.**
