

## MISSION STATEMENT

The mission of the Grand Rapids Family Medicine Residency is to create a learning environment where everyone can experience the joy of Family Medicine and nurture residents to become balanced, qualified, caring physicians. We will achieve our mission through excellence in:

- Patient Care
- Education
- Scholarship
- Community Engagement

## PROGRAM AIMS

- Engagement in lifelong learning and educational innovation—We seek excellence in education through persistent innovation by our faculty, our residents, and our many community partners within a collaborative, multidisciplinary learning environment
- People-Centered Care—We seek to maintain a supportive, team-based environment that values the individual, cares for diverse and underserved populations, fosters the ability in our residents to understand their patients' stories within a psychosocial and community context, and provides effective and compassionate care throughout all stages of life and in every setting.
